

1st year Master of Science in Biology: Environment, Biodiversity and Ecosystems
Example week 8 (November)

	Monday	Tuesday	Wednesday	Thursday	Friday
8h-9h		Analysis of Biological Data (lecture)			
9h-10h			Marine Biology (lecture)		
10h-11h				River & Lake Ecology (lecture)	
11h-12h					
12h-13h					
13h-14h					
14h-15h	Integrated Coastal Zone Management: Mangroves, Seagrass Beds and Coral Reefs (lecture + practicals)	Conservation Genetics (lecture)		Conservation Genetics (practicals)	
15h-16h			Toxins in Amphibians and Reptiles (lecture)		
16h-17h					Plant Molecular Biology
17h-18h					

Green means mandatory course, Blue means elective course.
